PAUSES
The Park's easy-reading guide allows food only at the bar near the Forum or on the Casina dell'Aquila terrace, so eat when you pass the Forum the second time. Ancient fountains give drinking water - bring a bottle.

IF TIME RUNS SHORT
The municipal buildings and the House of Championnet are the easiest to skip without breaking the flow; the houses in the middle phase are the reason to be here.

CHECK ON THE DAY
Park hours and building hours are different: in winter many houses close before the site does, and some stops may be closed or visible only from outside. Check the Park's open-buildings list. A 3-hour variant of this route ends at the Villa of the Mysteries (Pompeii Plus ticket, or Express plus the 8.00 euro suburban-villas supplement, card only, at the Herculaneum Gate).

PAUSES
Plan the break around the bar near the Forum or the Casina dell'Aquila terrace, the only places the Park's guide allows food. The Lupanar corridor has erotic paintings; the House of the Vettii has some too - families decide for themselves.

IF TIME RUNS SHORT
The Forum's public buildings (stops 17–23) can be seen from the square; the theatres, baths and the two great houses carry the visit.

CHECK ON THE DAY
Park hours and building hours are different: in winter many houses close before the site does, and some stops may be closed or visible only from outside. Check the Park's open-buildings list. The extra hour on this route is our editorial estimate for a break, queues and slower walking, not an official duration.
